## **HISTORICAL NOTE**

The territorial secretaries were appointed by the President of the United States for a five-year term. The Territorial Constitution of 1866 provided for the election of the Secretary of State by the people for a two-year term. Beginning with the general election of November 1966, the Secretary of State is elected by the people for a four-year term.

The duties of the Secretary of State were first prescribed in an act approved June 24, 1867. These duties are constantly being increased and the following are only a few: fix the seal of state to commissions issued by the Governor and keep a register of the same; approve depository bonds; receive abstracts of votes from county clerks, and election commissioners, tabulate election results for the Legislature and Canvassing Board; register cattle brands and publish a brand book and a monthly supplement from the registration fees.

The Secretary of State is a member of the following boards: Board of Canvassers, of which he/she is the secretary; Board of Equalization and Assessment; Board of Pardons; State Records Board; Nebraska Brand Committee; State Real Estate Commission; and the State Standards Committee.

He/she serves as a chairperson of the last three agencies. See Record Group inventories for individual agencies and boards of which the Secretary of State was a member.

The National Association of Secretary of State is Subgroup Fourteen. These records came with Secretary Marsh's correspondence and include records for the years, 1954-1971.

Subgroup Fifteen consists of 26 reels of 35mm microfilm produced by the Genealogical Society of Utah for the Historical Society of the cemetery burial permits and cards for Fairview Cemetery (Havelock), 1886-1999, and Wyuka Cemetery (Nebraska State Cemetery), 1883-1975. An index to burials from 1869 appears as Item #1 on Reel #1 to Wyuka Cemetery. However, the early burial permits have not yet been microfilmed and remain at the cemetery offices. Also included are the business records for Wyuka Cemetery, 1905-1998.

The personal papers of past secretaries of state are included in Subgroup Sixteen. Most Secretaries take their papers home with them and we do not get their personal office papers. Frank Marsh=s papers were sent to the archives as a manuscript collection. Secretary Morton (1858-1861) is microfilmed with his manuscript collection, RG1013. Papers recently transferred for Secretary Scott Moore relate entirely to his early legislative career, 1987-1994.
